### BELMONT PARK JACKSON AND FENCE DOWN

When the workmen employed at the new Belmont race track at Mineola, L. I., went there this morning they found to their astonishment that 1.500 feet of the wire and iron fence had been torn down during the night. None of the material was missins, it is said, and the motive for destroying the fence is unexplained.

It is blought that it may have been the work of theeves, who were frightened off before they could carry away any part of the fence. Sheriff Gildersleeve, of Nassau County, was notified, and he has sone to Elmont to make an investigation. It is said he will be assisted by the Jamaica police.
